3 WAYS LOGISTICS CAN HELP YOU SATISFY ONLINE SHOPPERS.

Last year alone, e-commerce grew 14% as more and more people shopped online.* According to comScore's *Online Shopping Customer Experience Study* commissioned by UPS, you can generate loyalty by implementing simple practices.

1) GIVE DELIVERY OPTIONS

Even though 67% of shoppers surveyed said they usually choose the most economical delivery option, the majority want an array of choices. That's why UPS offers many options, ranging from ground to early morning overnight to international.

2) OFFER MORE CONTROL

Online shoppers want the flexibility to manage their deliveries. They want clear communication about delivery dates, along with alerts, confirmations and rescheduling options. UPS My Choice℠ makes this high level of home delivery service possible.

3) MAKE RETURNS EASY

51% of those surveyed said they have returned a product purchased online. Almost half of those shoppers would shop more often and even recommend retailers to friends if return options were easier. And UPS offers plenty of flexible return options.

PREVIEWSworld.com

At first glance, *PREVIEWS* can be overwhelming because it's packed with tons of cool stuff. But there's a rhyme and reason to this mag-a-log and here's how to use it!

You now hold in your hands the latest issue of *PREVIEWS*, the monthly mag-alog dedicated to comics, graphic novels, toys and other pop-culture merchandise. If it's in your comic shop, it's in the page of *PREVIEWS*!

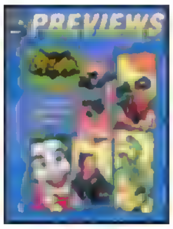
PREMIER COMICS BOOKS & MAGAZINES TRADING CARDS APPAREL MERCHANDISE GAMES VIDEOS

What is *PREVIEWS*?

PREVIEWS is part magazine, part catalog—a "mag-alog" of all comics and pop-culture merchandise found at your local comic shop.

We've broken down the product listings by easy-to-understand sections: Comics & Graphic Novels; Books; Trading Cards; Toys, Statues & Models, and more.

Each month, you'll find detailed listings for almost every comic book and pop-culture product that will be available in comic shops in 2 months. So, if you're looking at the April issue of *PREVIEWS*, most items will be in comic shops sometime in June.



How do I order from *PREVIEWS*?

Ordering from ***PREVIEWS*** is is easy! There are **3** simple ways to order:

1 **Use the Short Order Form.**
Fill in with the items you'd like to order from this issue.

2 **Ask for the companion Customer Order Form.**
We offer a companion order form that features a complete listing of every product offered in that month's issue of ***PREVIEWS***. Fill out what you want to order and hand in to your comic ship by the due date on the cover!

3 **Ask your retailer about their "Pull & Hold" service.**
Many retailers offer a "pull & hold" or subscription service where you can order your monthly comics and merchandise easily. They'll hold your orders for you and you can pick up your items when it's convenient for you! Be sure to ask your retailer to give you a copy or ***PREVIEWS***, Marvel ***PREVIEWS***, and the ***PREVIEWS*** Customer Order Form each month so you can place your orders easily!

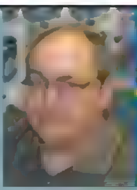
HERE COMES SUMMER!



EDITOR'S note

FREE COMIC BOOK • DAY •
1st SATURDAY IN MAY!
May 4, 2013
www.freecomicbookday.com

This issue arrives in stores a week before *Free Comic Book Day 2013*. We hope you've made your plans to visit your friendly neighborhood comic shop this May 4th, and that you take this opportunity to share one of your favorite hobbies with someone who may not read comics. Be it a sibling, relative, friend or complete stranger, you can be sure that there'll be something for everyone at this year's Free Comic Book Day! And as I said before, who doesn't like FREE stuff?!

This also means that the unofficial start of summer is underway with the first big blockbuster movie of the summer. Namely: *IRON MAN 3*! This is the start of Marvel's "Phase Two" in their movie universe, and I'm looking forward to seeing the further adventures of Tony Stark (and maybe a brief glimpse of a certain band of galactic *Guardians*… well, you know who I mean).

And it's not just *Iron Man* we have to look forward to this summer! It's going to be a banner year for big movies, including *Star Trek Into Darkness*, *Man of Steel*, *World War Z*, *The Wolverine*, *Disney's The Lone Ranger*, *Kick-Ass 2*, *Oblivion*, and the one film I truly can't wait to see: Guillermo del Toro's *Pacific Rim*! It's no secret that I'm a damned fool for giant monsters and giant robots, and this highly anticipated sci-fi actioner. Goosebumps, baby! Anyway, that brings me to this issue's special focus, our annual "Movie Month" issue! Once again we're highlighting great comics and graphic novels that either became movies, or are based on movies. And we've got plenty of great reads for you to check out in this issue, just look for the Movie Month logo!

MOVIE MONTH

And remember, if you're leaving home for your summer vacation, be it a weekend at the beach or a trip abroad, make sure to take the latest copy of PREVIEWS with you… it's great for beach reading, and is simply one of the best time-killers around!

Your Pal @ ***PREVIEWS***,

Marty

GAIL SIMONE

A former hairdresser, **Gail Simone** is now a multiple award-winning writer of comics and animation, including critically acclaimed, fan-favorite runs on *Birds of Prey*, *Wonder Woman* and *Secret Six*. Her current DC books include *Batgirl* and *The Movement*. *Red Sonja* is her first major work outside of DC Comics in years.

Gail Simone on: Gail Simone...

I live on the Oregon coast with my husband and two doggies. I love working in comics for the joy of collaborating with fantastically gifted creative people. I love traveling around the world to spread the message of comics, but above all, I love simply telling stories.

Gail Simone, what are your favorite projects you've contributed to over the past decade?

I was incredibly proud to write *Wonder Woman*, possibly the greatest female adventure icon ever. I am proud to have shown that, with *Birds of Prey*, an all-female book could be a success with a large, loyal following and without reverting to cliché. And I'm proud of *Secret Six*, which never failed to push edges and boundaries.

Wonder Woman: The Circle TP (JUN090218)
Secret Six Volume 1: Unhinged TP (MAY090194)
Birds of Prey: Of Like Minds TP (APR058376)

Gail Simone, what are you currently working on?

Red Sonja, *Batgirl*, *The Movement*, a couple "secret" projects, and an astonishing graphic novel with Ethan Van Sciver. Also, I'm working on the most successful mainstream comics project ever on Kickstarter, *Leaving Megalopolis* with artist/co-creator Jim Calafiore.

Gail Simone, what are you reading?

I am currently reading *The Walking Dead* (*Compendium 1* / MAR092419), which is about zombies... or something. I'm loving Francesco Francavilla's *Black Beetle* (*v1 HC* / APR130019), which is just a delight in every way, and I never miss an issue of Terry Moore's *Rachel Rising* (v1 TP / JAN120780), one of the best mystery/spooky comics ever! Plus: *Battlefields*, *Masks*, *Captain Marvel*, *Batman*, *Animal Man*, *Aquaman*, *Godzilla*... just a ton of books. It's a wonderfully creative time in comics right now.

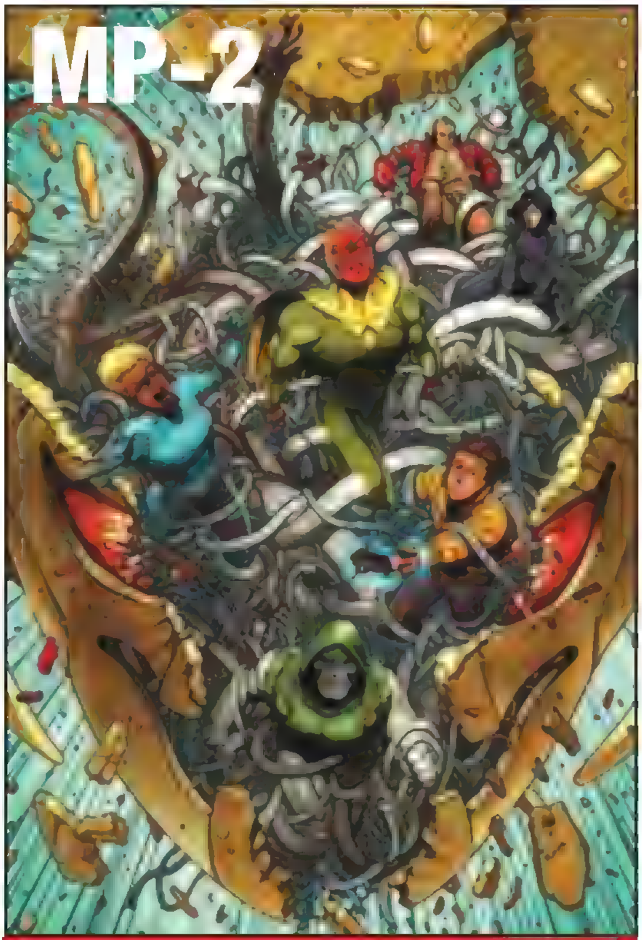
AVENGERS A.I. ASSEMBLES FOR THE DIGITAL AGE



MARVEL *PREVIEWS*, $2.99, 32 PGS., PAGE 2

The wristwatch on your arm has more computing power than the computers used to send Apollo 11 to the moon. The smartphone in your pocket can store more information than the Great Library of Alexandria held. The air around you is filled with radio and wi-fi waves that carry more data than is encoded in your DNA. Computers make the modern world work. The dire predictions of Y2K came and went without a blip, but today's world is more wired — by a factor of 10 — than the world of fifteen years ago. A computer in India controls the electrical grid in Indiana. A computer in Denver is synched to flight control computer in London. And as the Age of Ultron showed, he who controls the world's computers controls the world.

The wired and unwired world needs a team who can combat the technological challenges of the 21st-century. Villainy isn't limited to supervillains, their world-conquering plots, and their secret lairs. The villain who disrupts the wi-fi spectrum, who hacks into the financial networks, who commandeers the undersea fiber optic cables is as much a threat to the world as a Skrull invasion force. The Avengers are trained and equipped to handle the Skrulls and Dr. Doom. But who can counter Chinese hackers? Who will stop identity theft and rogue A.I.s? Cyber-threats require cyber-heroes, and to that end Hank Pym will assemble an Avengers team for the digital age — Avengers A.I.!

Joining forces with the Marvel Universe's original artificial intelligence — the Vision — Pym assembles a team uniquely suited to the challenges of the digital frontier — Victor Mancha, Doombot, the mysterious Alexis, and Monica Chang, Agent of S.H.I.E.L.D. Together, this team of artificial intelligences will face the threats of the digital realm in a world that had reached the technological singularity brought about by Pym's rogue creation, Ultron. Seeking redemption for the evil he unleashed on the world, Pym and his team will chart the limits of cyberspace and confront the dangers they find in the digital realm.

Written by one of today's most inventive writers, Sam Humphries (Uncanny X-Force), and drawn by FF's Andre Araujo, Avengers A.I. presents readers with the Avengers team for the cyberspace-era. Humphries' previous work has captured the zeitgeist of the moment, making him uniquely suited for this exceptional team, and Araujo's work has displayed an inventiveness that the battles of cyberspace will require. Plus, Avengers A.I. will take full advantage of the Marvel AR digital experience, making this comic a multimedia extravaganza with online bonus features that the print comic will unlock.

Today's increasingly wired world calls for a new kind of heroism, and it's Avengers A.I. that will assemble this July to meet that threat!

THE DOCTOR MUST ANSWER THE RIDDLE OF CLARA OSWALD

The BBC's *Doctor Who* celebrates its fiftieth anniversary in 2013, and filming on the highly-anticipated anniversary special, bringing together David Tennant's tenth Doctor and Matt Smith's eleventh Doctor, is currently underway in Wales. Before *Who*vians can watch the 3-D anniversary special, though, there is still the matter of the mystery of Clara Oswin Oswald for the Doctor to resolve, and that mystery unfolds across the nine episodes on the *Doctor Who Series 7 Part 2 DVD Set!*

Beginning with the 2012 Christmas special "The Snowmen," the Doctor's latest companion Clara presents the last of the Time Lords with one of his most intriguing mysteries -- how can the same woman exist in three different times? He encountered her first in the future on the Daleks' Asylum planet as the soul of a Dalek, then again in fog-shrouded 1890s London as a Victorian governess, and finally as a young woman in present day London who suddenly developed mysterious computer skills. Across the subsequent episodes, Clara and the Doctor will encounter the legendary Ice Warriors, the Cybermen (in an episode written by *The Sandman*'s Neil Gaiman), and the Great Intelligence in a final confrontation.

This is *Doctor Who*'s biggest season ever, and this set is what every fan will need to get ready for the blockbuster anniversary episode!

BEAM ROUND 2'S MR. SPOCK LUNCHBOX MODEL INTO YOUR COLLECTION 439

Science Officer's Log, Stardate 1304.3. Sensors indicate that on the surface of planet Round 2 there exists a most curious object — a *Mr. Spock Model Kit in a Lunchbox*. It is a puzzle to my Vulcan logic that the native inhabitants of the planet have chosen to create a model of myself, yet I cannot deny the logic in also providing modelers with a lunchbox, as lunch is always logical. Were I a modeler, I would certainly want to add the *Star Trek: Mr. Spock Model Kit* in a Lunchbox to my May comic book orders.

REAL STEEL'S ATOM WILL SMASH HIS WAY INTO YOUR LIFE 460

Based on a Richard Matheson short story, *Real Steel* showed audiences a world where the sport of the future was robot boxing. Hugh Jackman portrayed a robot trainer who hoped to coach his robot to the title, and that robot, Atom, is sculpted by ThreeA for their new 1/6-scale *Real Steel: Atom Figure!* This impressive figure is based on the film's production artwork, and its gears and lights are so realistic that you will expect it to come to life and start battling!

SOMETHING AFOOT . . .

Dark Horse is well known for creator-owned projects by such luminaries as Mike Mignola, Paul Chadwick, Neil Gaiman, Frank Miller, Eric Powell, Geof Darrow, Brian Wood, etc., etc., etc., and we practically reinvented the art of moving film properties from the silver screen into the four-color trade with titles such as *Star Wars*, *Aliens*, *Aliens vs. Predator*, *Terminator*, and *Buffy the Vampire Slayer*. The one thing we have not been generally known for are comics featuring traditional superheroes. Yes, we had a brief (and ill-timed) fling with the caped characters in the early to midnineties, and even produced a few “hits” during that best-forgotten, “universe” glutted time period, but as far as ongoing series as part of the larger publishing line? No, thanks; we stayed away from the territory traditionally owned by Marvel and DC. That’s about to change.

You might have noticed that recently a number of superhero characters have been popping up in the pages of *Dark Horse Presents*. You may have also noticed some of those characters are appearing in their own books. This might lead you to think something is afoot, and you’d be right. Dark Horse will be launching a number of titles in the coming months focused entirely on superheroes. The idea has been floating around here for a very long time, and we’ve finally decided to pull the trigger. Watch for amazing announcements, fabulous creators, and new characters, as well as some old favorites, and prepare for more than a few twists and turns. Comic books featuring SUPERHEROES! Right here at Dark Horse! Who would have thought it?

Mat Johnson, acclaimed writer of INCOGNEGRO, delivers a race-against-time political thriller about a militia group that's plotting to assassinate the second African-American President of the U.S. In the week leading up to a major campaign speech, the Secret Service discovers that an extremist militia group is plotting to assassinate America's second African American President. The best chance to avert this crisis is to infiltrate the group using an ex-Special Forces war hero turned conservative media pundit named Ted Akers. While Akers's politics make him a hero to the right-wing fringe and no friend to the current Administration, he takes the assignment and what follows is an adrenaline fueled race against time to stop a President from dying and a country from being ripped apart.

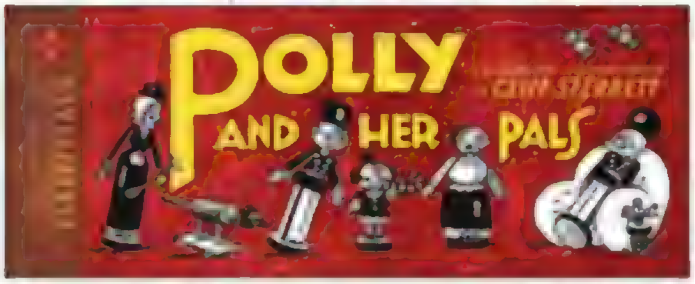
LOAC ESSENTIALS, VOL. 3: POLLY AND HER PALS 1933



By the early 1930s Cliff Sterrett had transformed *Polly and Her Pals* into the world's premier surrealistic comic strip. Sterrett's Sunday pages (also being published by The Library of American Comics) have long been hailed as individual masterpieces, but his daily strips—due to their rarity—have eluded archivists for the past ninety years. The strips reprinted here—the complete year of 1933 dailies—show Sterrett at his most inventive.

THE THIRD DEGREE
MATT FRACTION

What are you working on right now?
SATELLITE SAM and doing a dialogue pass on an issue of HAWKEYE. In a bit, I'm going to a hardware store to buy some wood. That's not a metaphor or euphemism.

What is the best part of your job?
The writing.

What is the worst part of your job?
The writing.

How did you first discover comics?
I don't remember. They were always around -- strip collections at first. I was a really visual kid and started off my education on a fine arts trajectory. I drew constantly. Comics started showing up to add fuel to that fire at a really young age. Two, three, something like that.

If you weren't working in comics, what would you be doing?
Probably still making commercials and music videos and stuff.

What is the best thing a fan has ever said to you?
It's all the best, are you kidding me? To have an audience at all routinely blows my mind. Actually the best thing a fan ever said to me is kind of personal, so, y'know. Deflect! Deflect!

Who is the biggest influence on your work?
I don't know.

What is the single work of which you're most proud?
CASANOVA, thusfar.

Own up to one of your guilty pleasures.
Eating like a teenager.

What was the last comic book you bought?
COPRA #5.

If you could be someone else for a day, who would it be?
Maybe one of my kids? I dunno, I have it pretty good.

What are three of the most important things in life to you?
My wife, my son, my daughter.

What is the strangest thing you have in your house?
My wife, my son, my daughter.

What makes you laugh?
My wife, my son, my daughter.

What is one of your favorite places?
My house. It backs up to green space and we're up high; in winter and fall it's like Winterfell; in summer it's like Endor. It's perfect. I love it here.

What music are you listening to these days?
The last played stuff in iTunes says Mountain Goats, Low, Songs Ohia, Jay-Z, Rolling Stones, Girl Talk, Tegan and Sara, The Kills, Cults, X, Robyn, Blondie, Sleigh Bells, Foals, Deerhunter.

What is your favorite film of all time?
Just one? I don't know how to pick. *The Apartment, 8 1/2 , Barton Fink, Lady Snowblood, In The Mood For Love, Enter The Dragon, The Third Man, The Testament Of Dr Mabuse, Danger Diabolik, Rio Bravo*.

Whom do you trust to be honest about your work?
My own set of standards.

What is the best advice you've ever received?
"Maybe stop drinking."

When was the last time you were truly frightened?
When my kid was sick.

Who is someone you really admire?
My wife.

What would you like to see happen in comics in the next 12 months?
Heads on pikes. Cash and blood flowing like rivers. More voices, more diversity, more readers. Creative revolution. More formats, infinite variety and availability at all times. A robust, rotund, diverse market, marketplace, and consumer. More Benjamin Marra comics.

MOVIE MONTH

With summer movies like *Iron Man 3, Star Trek Into Darkness, Man of Steel, Pacific Rim* and more on the horizon, it's a recognized fact that genre films, especially comic book-based movies, are a standard staple of Hollywood. As fans, we've been treated to some truly awesome adaptations of our favorite reads, and some not-so-great adaptations too.

This month, ***PREVIEWS*** celebrates Movie Month once again, paying tribute to the comics and graphic novels that served as the basis for movies, or vice-versa.

Check out some choice selections for your reading (and viewing) list, and look for our "Movie Month" icon throughout this Issue for more great comics-to-movies reading!

NATHAN HALE'S HAZARDOUS TALES VOLUME 3: DONNER DINNER PARTY GN

(W/A/CA) Nathan Hale
The Donner Party expedition is one of the most notorious stories in all of American history, but it's also a fascinating snapshot of the westward expansion of the US. From the preparation for the journey to each leg of the trip, this book shows the specific bad decisions that lead to the party's predicament in the Sierra Nevadas. Hale focuses on the Reed family (all of the children in this family survive), and their father, James Reed, is a central figure in the story. It's hazardous, it's got a lot of funny moments, it's got kids in central roles — and it's America's favorite gruesome horror-history story. (STK612554) (C: 0-1-1)

CUL DE SAC: MIGHTY ALICE GOES ROUND AND ROUND TP

(W/A/CA) Richard Thompson

Cartoonists are passionate about Richard Thompson's work, and *Cul de Sac* has been given high praise from *Calvin & Hobbes*' Bill Watterson. *Cul de Sac* chronicles the absurdly wonderful adventures of the Otterloop family. Alice, Petey, Mom, and Dad live in the cookie-cutter suburbs not far from the interstate. Here, and at school, their day-to-day life unfolds with simple joys, tiny infractions, and wonderful moments of gentle bliss. In this specially curated collection for kids, the quirky world of Cul de Sac comes to life for a new audience. (STK612720) (C: 0-1-1)

PEARLS BEFORE SWINE: BEGINNING PEARLS TP

(W/A/CA) Stephan Pastis

Now younger readers can enjoy the wit and outlandish puns in the world of *Pearls Before Swine*! Fans of *Pearls Before Swine* know that, in addition to being hilarious, it can be outrageous and even controversial. Death, marriage, more death — is this comic for kids? By focusing on strips that feature death but not fatalism, strips that are about friendship but not adult relationships, and strips that avoid some pop-culture references and purely adult concerns, this collection shows that, yes, this comic is for kids! Since the earliest fairy tales first introduced wickedly self-obsessed stepmothers, children's literature has provided a safe way for young readers to experience less-than-rosy thoughts and feelings. *Pearls Before Swine*'s memorable characters are in fine company and are on target. Besides, they're downright funny—and that's something all ages can appreciate! (STK612698) (C: 0-1-1)

Archie may be a klutz on Earth, but how much damage can he do if there's no gravity? A lot, apparently! Ever wonder what it would be like if Archie and the gang were out of their element — *waaayyy* out of their element? Well now you can find out what it would be like if the pals 'n' gals of Riverdale lived far, far away from home-all the way on Mars! From intergalactic travel and futuristic space fashion to Archie getting to school on time, it turns out that good ol' loveable Archie is pretty much the same, near or far. About: CHRISTOS GAGE takes his network television hardboiled crime sensibilities back to the violent world he created to reveal the fate of police superhero turned vigilante, John Dusk. With Dusk's fall from grace, every scumbag lawyer in the city is leading the charge to have the criminals he put away released from prison. But the thugs are finding that life behind bars is safer than facing Dusk's brand of permanent justice on the streets. As the body count increases, the former friends and loves in Dusk's life face the difficult challenge of trying to bring in one of their own. With a bounty on his head and pressure mounting for his arrest, the authorities take an insane chance by unleashing an unstoppable maniac to take him down. But sometimes the cure can be far worse than the disease. MONSTER ON THE HILL GN

Top Shelf Productions

Rob Harrell brings us turn-of-the-century British *kaiju*. You know *kaiju*: giant Japanese movie monsters like Godzilla, Mothra, Gamera, and Rodan. And you know what *kaiju* do: awaken, fight other monsters, and smash the ever-lovin' heck out of cities. In Harrell's giggle-inducing panels, every quiet hamlet in the British countryside has big, weird monster living on the outskirts of town: their own private Monster on the Hill.

A strong monster generates a groundswell of local pride and loads of tourism (come for the fresh air, stay for the rampage!), but the tiny town in Harrell's story has a dud creature. Flightless, fireless, tentacle-less, venomless, and riddled with self-doubt, the little-behemoth-that-couldn't gets the spark back into his stomping in all the best ways. He forges new friendships despite himself, renews old friendships, gets some perspective, discovers new things about himself, and ultimately learns to rampage his **own** way. Which makes sense, because as any *kaiju*-enthusiast could tell you, the core of a good monster battle is the creature's special attack!

BLUFFTON: MY SUMMERS WITH BUSTER GN

(W/A/CA) Matt Phelan

In the summer of 1908, in Muskegon, Michigan, a visiting troupe of vaudeville performers is about the most exciting thing since baseball. They're summering in nearby Bluffton, so Henry has a few months to ogle the elephant and the zebra, the tightrope walkers and — lo and behold — a slapstick actor his own age named Buster Keaton. The show folk say Buster is indestructible; his father throws him around as part of the act and the audience roars, while Buster never cracks a smile. Henry longs to learn to take a fall like Buster, "the human mop," but Buster just wants to play ball with Henry and his friends. With signature nostalgia, Scott O'Dell Award-winning graphic novelist Matt Phelan visualizes a bygone era with lustrous color, dynamic lines, and flawless dramatic pacing. RED SONJA

AN INTERVIEW WITH NEW, ONGOING SERIES WRITER GAIL SIMONE

What was the deciding factor when you signed on to the new RED SONJA project? What most appealed to you about the character, and what did you hope to bring to the series?

Gail Simone: I've talked about this a lot, I love sword and sorcery stuff. I adore all fantasy, really, but there's something wonderfully intoxicating about half-naked, tanned swordmasters fighting loathsome demon-spawn under a blazing sun. I am always trying to get that clang of blades in my comics--I put it in whether it fits or not, in books like Secret Six, Wonder Woman, and even The Atom.

So, in the genre I love, one name stands above all other female warriors, and that's Red Sonja.

I didn't take the book so much as pounce on it, growling.

I love Sonja.

I have to say, Dynamite has been extraordinary. Publisher Nick Barrucci wanted me on this book and has been behind me every step of the way with encouragement and enthusiasm, and he's backed it up in all the ways that matter to me…top artists, great presentation, and a real concern for quality. That's why I'm in this industry, I want to tell stories. And when a book has the publisher pulling out all the stops, the excitement is contagious.

So I am very, very happy

You've gone on record saying that the new RED SONJA will have its share of humor. That's a tone rarely seen previously in the adventures of our grim heroine. What are your thoughts on bringing mirth to her epic tales?

GS: I don't want Sonja to be doing pratfalls and telling knock-knock jokes (but if she did, they'd be really filthy). But looking back over some of her earlier tales, she was a bit less distant and a bit more rowdy, and I do think that's a really entertaining aspect of her character. My Sonja drinks and carouses and frequents low establishments with compatriots of questionable character.

The first scene we see her in, she's passed out drunk.

She's not Deadpool, but I don't see her as an ice queen, either. I told the artist, the wonderful Walter Geovani, that Sonja isn't cold-blooded, she's hot-blooded!

What can you tell us about the new sidekick characters you'll be introducing into the RED SONJA mythos?

GS: Well, in keeping with the entertainment value of the book, Sonja gets herself two quite unwelcome sidekicks, the tomboy twins Ayla and Nias, who are sixteen years old and IMMEDIATELY get on her nerves. Sonja is many things…a general, a conqueror, a queen. She is NOT a babysitter

The new RED SONJA is something of a celebration of women, as one of the industry's premiere female creators takes on one of its most iconic heroines. Also, a number of female artists are being tapped to contribute their bold interpretations of Red Sonja for the covers. How do you see this idea of gender affecting the storytelling or presentation?

GS: It spiraled completely out of control in this beautiful way. It's embarrassing, but I really thought, once again, that I was the freak, I was the outsider, the only female who loved Red Sonja outright. So I had this idea to ask the top female artists in the industry to do the covers and Dynamite ran with it beyond my dreams…but I thought it would take some convincing.

Not only did all the artists we asked immediately agree, they all confessed their secret love for Sonja. They adore her! Lots of the artists submitted multiple sketches because they couldn't stop, and many top names submitted sketches without even being asked, they love Sonja so much, and are dying to see this project. I got a series of sketches from a hero of mine, an Eisner winner, out of the blue and they were so beautiful we couldn't choose what to pick

We asked for the top female comic artists from several disciplines including cartooning, animation and manga. People are going to freak out at these covers, it became more than a fun idea, it became a bit of a statement, as well

I also have to say, these are some of the sexiest comics covers I've ever seen, period.

RED SONJA's two main nemeses in the series thus far have been the sorcerers Kulan Gath and Thulsa Doom. Will you be bringing these villains back, or are you going to introduce new baddies into the mix?

GS: I have a lot of love for Thulsa Doom, that isn't out of the question. But we are also hoping to see a lot of new readers, so I want to introduce past elements very carefully. We also want to showcase new things. I am immersing myself in Robert E. Howard works right now, not just his barbarian stuff, and we will bring that mood in more and more. But I want a clean place setting for new readers. I've been doing a ton of cons, and this book is bringing in people who have never read a Sonja book. I want them to have as much fun as the hardcore fan

So we are creating new villains, including the death-on-wheels DARK ANNYSIA, who hates Sonja for reasons they could never have done in the old Marvel series

The universe of RED SONJA extends back decades to the original Robert E. Howard CONAN stories. What are your thoughts on contributing to such a long-standing mythos? Is there a particular era / storyline / creator that you look back on as the inspiration for what you'll be doing on the series?

GS: Well, that's an interesting question…but I write these characters with astounding histories all the time, I love doing that. Conan predates Superman by only a handful of years. It's kind of my dream as a writer, to create things that other writers will be inspired by long after I am gone.

It's also true that despite the bad rep that sword and sorcery has for gender issues, Robert E. Howard really created a bunch of astonishingly powerful and interesting female adventures. I love it, I feel very much at home

The biggest inspiration is the world that Howard created, the mood and tone. Cimmeria and its surrounding countries, they have that wonderful power of fictional geography to FEEL real, like somewhere that exists. They have that Gotham City/Oz/Middle Earth thing, that they don't exist…but they damn well should

And it's always fun to visit any country where there are monsters and loincloths, I always say

ANNA AND FROGA: I DUNNO, WHAT DO YOU WANT TO DO? HC

(W/A/CA) Anouk Ricard

Embark on a fresh set of adventures with the hilariously snarky and mischievous heroes of Anna & Froga. In each short episode, Anouk Ricard's deceptively simple illustrations harmonize perfectly with the characters' petty, silly, and downright slapstick pranks. Bright colors, astutely observed details, and minimalist linework combine to present a world that is shockingly lively and joyous. Anna, Froga, Ron, Bubu, and Christopher have adventures that rival the best in classic comics. Ricard hits her stride in this second volume of the *Anna & Froga* books, which have found a loving home amongst classic comics connoisseurs, alternative comics fans, and children in North America and Europe alike. Anouk Ricard's *Anna and Froga* features the adventures of a little girl named Anna and her gang of animal friends. Anna's best friend is the titular Froga, and they often hang out with Bubu the dog (an aspiring artist), Christopher the gourmand earthworm, and Ron (a practical joker of a cat). Whether the conflict is driven by eating too many French fries, bossing around Johnny the Tuna, or trying to beat a difficult video game, you know that Anna, Froga, Bubu, Ron, and Christopher will come out all right in the end, which makes the layers of confusion they pile on one another all the funnier. Sniff is causing trouble with another of his get-rich-quick schemes, Moominmaiden falls in love with the inspector's bad boy nephew, and Moominmamma is offering up plum cake to whosoever should need it. As always, the experiences of the Moomin family are poignant, melancholy, and strangely wise, with just a dash of drolly funny and a pinch of slapstick. Without a doubt, Lars Jansson's *Moomin* Volume Eight is a treat for the whole family. (STK613596) (C: 0-0-1)

Moominpappa has committed to writing a Great Novel About the Sea, and so the whole family moves to a desolate island where Moominpappa becomes the lighthouse keeper. It soon becomes apparent that there are a few problems with the island: it's haunted, there's nowhere to enjoy a good cup of tea, and the rat family living in the transistor radio has strictly forbidden the Moomins from using the radio until the children have all grown up and moved out. Determined, the Moomins set about planting a rose garden, painting the beacon cheery colors, and finding other ways to make the lonely place their own. THE ART OF BOB PEAK HC

Peak Books

A great book cover can make you buy a book and a great movie poster art whether in a newspaper ad or on display at your local movie house will pique your interest in seeing the film.

If there is one artist to be considered **the** movie poster artist it would be Bob Peak. He worked on over 100 movie campaigns and the list of movies is like an Oscar award show with work on *My Fair Lady*, *Camelot*, and *Apocalypse Now*. He was just as adept handling genre films as his work on *Star Trek III: The Search for Spock* and *Star Trek IV: The Voyage Home*, John Boorman's *Excalibur*, *Rollerball*, *Modesty Blaise* (great poster, lousy movie), and James Coburn's *In Like Flint* series.

Written by his son Tom Peak, *The Art of Bob Peak* is a true representation of the outstanding career of the artist. This 380-page coffee table book covers his advertising work as well as movie posters, magazine and record cover illustrations from the early 50s, and much more work well into the 80s.

With over 600 images showcasing his work from concept to finished product, we get to see why Bob Peak was inducted into the New York Society of Illustrators Hall of Fame as well as awarded the Lifetime Achievement Award by the *Hollywood Reporter* for his contribution to the film industry.

Bob Peak is the standard bearer and influence for artists like Drew Struzan and Bill Sienkiewicz. If you like their works and the works of artist like Bernie Fuchs then you must get this book. This book is a great addition to any library of art books and books about the movies.

THE CARTOON INTRODUCTION TO STATISTICS

(W) Alan Dabney (A/CA) Grady Klein

Statistics help us create Internet technologies, develop medicines, win elections, invest in stocks, predict the weather, and much more. But the methods that produce important numbers remain beyond many of us. In *The Cartoon Introduction to Statistics*, Grady Klein and Alan Dabney cut through the confusion and take us on a tour of this dynamic subject, helping us stay afloat on the sea of data that is our increasingly complex world. Through cheeky and irreverent examples bound to engage anyone grappling with the difference between histograms and boxplots, Klein and Dabney have created a rollicking narrative about the best ways to make confident statements based on limited information. PORCELAIN
A GOTHIC FAIRY TALE

Porcelain is the tale of a young street urchin known to us only as "Child." She is pressed into committing an act of thievery by her fellow homeless and finds herself quickly over her head. The man whose house she is attempting to rob has discovered the alchemical secrets to animating porcelain. He can create life like servants, animals, and he created two vicious porcelain guard dogs named Gog and Magog which dispatch would be intruders.

The porcelain maker, entertained by her sharp wit, allows the girl to stay with him as a surrogate daughter. For the street urchin it is a paradise but will it stay a paradise if she breaks his only rule? She must not ever enter the door to his private workshop.

Porcelain: A Gothic Fairy Tale is Improper Book's first title. It is a dark tale filled with magic and loss. I thoroughly enjoyed the writing by Benjamin Read and the artwork by Chris Wildgoose. This book is a must read, be sure to pick it up, and don't forget the tea and cakes!

MONSTER ON THE HILL GN

(W/A/CA) Rob Harrell

In a fantastical 1860s England, every quiet little township is terrorized by a ferocious monster — much to the townsfolk's delight! Each town's unique monster is a source of local pride, not to mention tourism. Each town, that is... except for one. Unfortunately for the people of Stoker-on-Avon, their monster isn't quite as impressive. In fact, he's a little down in the dumps. Can the morose Rayburn get a monstrous makeover and become a proper horror? It's up to the eccentric Dr. Charles Wilkie and plucky street urchin Timothy to get him up to snuff, before a greater threat turns the whole town to kindling. (STK530296) (C: 0-0-2)

GOD IS DISAPPOINTED IN YOU HC

(W) Mark Russell
A/CA) Shannon Wheeler

God Is Disappointed in You is for people who would like to read the Bible — if it would just cut to the chase. Stripped of its arcane language and its interminable passages of poetry, genealogy, and law, every book of the Bible is condensed down to its core message, in no more than a few pages each. Written by Mark Russell with cartoons by *New Yorker* cartoonist Shannon Wheeler, this is a frequently hilarious, often shocking, but always accurate retelling of the Bible, including the parts selectively left out by Sunday School teachers and church sermons. Irreverent yet faithful, this book features rounded corners, gilded edges, and a cloth bookmark. (STK612892) (C: 0-0-2)

A children's book is something more than it seems; a woman swims the English Channel to deliver a deadly secret; a German spy desperately seeks escape for herself and her daughter; and a spy continues to serve his country even beyond death. ARCHER & ARMSTRONG VOL. 2: WRATH OF THE ETERNAL WARRIOR TPB

No one in the Valiant Universe is more dangerous or more experienced in the art of war than the undying Eternal Warrior. After thousands of years on the battlefield, he's a master of strategy and weaponry, an unrelenting force of nature capable of dismantling entire armies with little effort and less conscience. His brother Armstrong, on the other hand, likes to read poetry and drink beer. Maybe that's why they had such a bad falling out? But now - after years apart - the Eternal Warrior has a new mission: destroy young Obadiah Archer, Armstrong's best-est new buddy and teammate in the war against The Sect. And, like it or not, Valiant's history-smashing adventure duo are about to feel the brunt of the Eternal Warrior's fist and steel.

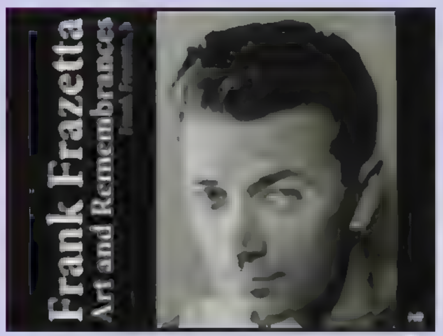
FRANK FRAZETTA: ART AND REMEMBRANCES BY FRANK FRAZETTA, JR. HC

Hermes Press



We all know the artist behind those great paperback covers of Tarzan, Conan, and the Death Dealer now we are treated to stories of the man beyond the paint brush.

With *Frank Frazetta: Art and Remembrances by Frank Frazetta, Jr.* Press we see what the man himself was like and are shown a true picture of the legend that is Frank Frazetta. This book, written by his oldest son Frank Frazetta, Jr., gives us insight into the artist's life with stories and anecdotes provided by those who was there as it happened. This book is packed full of original artwork from the author's personal collection along with book covers, record album artwork, movie posters, comic book and comic strip artwork.

I'll be splurging on the limited hardcover edition which has an additional 16 pages of material. As a fan of Frazetta any information and art by him is a welcome addition to my library shelves going next to my other books featuring art by Frazetta.

RED SONJA #1: QUEEN OF PLAGUES

Dynamite Entertainment

It's a great time to be a *Red Sonja* newbie. Even readers who haven't followed the She-Devil with a Sword will find a lot to enjoy in Gail Simone's new take on the character, which gives her iconic battle prowess a shot of fresh energy and understated humor. *Queen of Plagues* understands Sonja as a character that synthesizes contradictions— she is beautiful and terrible, brutal but fair, a deft swordswoman and an inelegant drunk. Simone uses those elements to create a vital personality with relatable motives in a strange, dangerous world.

Readers are also treated to some great female supporting cast members in *Red Sonja* #1, including a pair of eager tomboy "bodyguards" (providing a little comic relief) and an impressively formidable nemesis (providing a little "holy $#&!"). With a plot that drives enthusiastically forward wrapped in beautiful covers from the likes of Fiona Staples and Colleen Doran, this is a winner. If you've never picked up *Red Sonja* before, why wouldn't you make this your first time?

The Myth of the SUPERHERO

THE MYTH OF THE SUPERHERO SC

Superheroes embody the most positive and inclusive aspects of American culture. Through a series of close readings of DC and Marvel comics, Marco Arnaudo examines the religious and mythological elements of superhero comics and uncovers the influence of the classical epic and the Baroque style on the genre. Arnaudo asserts that, amidst the exciting action, tender love stories, and tales of self-sacrifice, superheroes are role models for tolerance and moral decision making. *The Myth of the Superhero* looks beyond the cape, the mask, and the super powers, presenting a serious study of the genre and its place in a broader cultural context. THE INTERPRETATION OF ZINES: A PICTORIAL HISTORY OF SCI-FI FANZINES SC

(W) Luis Ortiz

A remarkable journey through the development of a popular subculture, from its earliest fans in the 1930s who used primitive desktop-printing technology to create amateur "zines" mimicking newsstand magazines to more recent zines dedicated to media science fiction, this chronicle of sci-fi fandom is a unique, eccentric, and richly entertaining look at the genre. From Ray Bradbury and Gene Simmons to Stephen King and Roger Ebert, the work of famous sci-fi zinesters is explored as well as all the marginal ephemera from a once isolated little genre that has now gained worldwide recognition and acceptance. BEWITCHED AGAIN: SUPERNATURALLY POWERFUL WOMEN ON TELEVISION, 1996-2011

(W) Julie D. O'Reilly

Starting in 1996, U.S. television saw an influx of super human female characters who could materialize objects like Sabrina the Teenage Witch, defeat evil like Buffy the Vampire Slayer, and have premonitions like Charmed Phoebe. The extraordinary abilities of these women showed resistance to traditional gender roles while the super women experienced infringements on their abilities in ways super powered men did not. As a result, superpowers become a narrative technique to diminish these characters, a technique that began with television's first super powered woman, Samantha (of *Bewitched*). The television superwomen have endured as a metaphor for women trying to "have it all," as their travails parallel those of their off-screen counterparts. (STK612989) (C: 0-1-2)

This 694-page hardcover edition (the third of six volumes featuring the adventures of *Captain Future and the Futuremen*) collects four complete *Captain Future* pulp novels from 1942. *Captain Future* was conceived as a stellar version of *Doc Savage*, and with each issue, readers thrilled to the cosmic adventures of the Captain and his "Futuremen" as they defended the solar system against corruption and villainy. With an introduction by pulp scholar Chuck Juzek, this volume includes a gallery of the original magazines' interior illustrations, and features a cloth-bound smythe-sewn hardcover and a full-color dustjacket. Fourth in a series that will collect all of the stories of Edmond Hamilton, this 776-page hardcover collects 19 tales of space adventure, mad-scientists, and robot conquest by one of the early masters of science fiction (and writer of *Superman* and *Batman* comics in '50s & '60s). This volume features stories that originally appeared in the pages of such 1930s pulps as *Weird Tales*, *Wonder Stories*, *Amazing Stories*, and *Astounding Stories*, including the classic "The Reign of the Robots". With an introduction by pulp historian Mike Ashley, this volume also includes a gallery of the original interior illustrations, and features a cloth-bound smythe-sewn hardcover and a full-color dustjacket. WILLIAM SHAKESPEARE'S STAR WARS HC

(W) ian Doescher
(A/CA) Nicolas Delort

Full of feuding royalty, family melodrama, comical fools, and fantastic creatures, *Star Wars* has always been the most Shakespearean of Hollywood blockbusters. Now it's presented in a manner that Shakespeare himself would recognize — with classic iambic pentameter and Elizabethan-style stage directions. Fans will love the *Star Wars* jokes and Shakespearean flourishes (R2-D2 launches into dramatic soliloquies whenever the other characters leave the stage). Text will be accompanied by fantastic Elizabethan woodcut illustrations of Chewbacca, C-3PO, and more. (STK612526) (C: 0-1-1)

From SideKick Media! The Melty Misfits is a set of trading cards created by artist Buff Monster and produced by Sidekick Media. With an incredible eye for detail, we've gone to great lengths to create the highest quality homage to *Garbage Pail Kids* possible. DC COMICS MAN OF STEEL - SUPERMAN ARTFX STATUE

Born into a burgeoning civil war on Krypton, Kal-El was rocketed to Earth to save him from the chaos. He was raised by the kindly Kent family, and grew up a farm boy known as Clark Kent. Although his body slowly developed extraordinary powers, Clark didn't know his full potential until he discovered a scout ship from Krypton and a glyph-emblazoned blue and red suit, and his journey as a hero truly began. Superman stands in a powerful pose straight out of the movie's trailers, his iconic costume expertly recreated in an intricate sculpt that captures all of the subtle textures in addition to the bold elements like the chest logo, boots, and piping effects. Equally impressive is the lifelike Henry Cavill as Superman head sculpt; powerful, serious, and otherworldly. Last but not least, this statue debuts a Kotobukiya first: a poseable cape that can be shaped and molded into nearly any position, allowing for a dynamic personalization of your display'Sculpted by RESTORE (Shinya Yamaoka), Superman stands over 10 ½ inches tall (1/6th scale) crouched over a special display base that incorporates the iconic "S" shield. This pre-painted ARTFX Statue comes fully assembled, so you can have your Superman on display in no time. DC COMICS CATWOMAN NEW 52 ARTFX+ STATUE

Kotobukiya's line of DC Comics ARTFX+ Statues continues, capturing the look and costumes of DC Comics Super Heroes and villains. Following up on the Justice League comes one of Batman's most popular antagonists (and sometimes partner), **CATWOMAN**!

Stealing the limelight in her skin tight leather jumpsuit and carrying her trademark whip and claws, Catwoman stands in a relaxed pose, yet is light on her feet, ready to either fight or flee as the situation requires. Selina Kyle's first appearance in the ARTFX+ lineup captures her classic look perfectly. The details on Catwoman are exceptional from the intricate folds and seams on her costume to the small touches like the zipper, boot buckles, whip, and claws. Kotobukiya's unique take on Catwoman features a reflective sheen to her black cat-suit, with her fully painted features visible through her goggles.

Standing nearly 8 inches tall (in the ARTFX+ 1/10th scale), Catwoman was sculpted by master artist Goutaro Takeuchi (Atelier Bamboo), who previously sculpted the DC Comics New 52 Justice League ARTFX+ statues. Like the other DC ARTFX+ Statues, Catwoman has magnets in her feet for perfect stability on the included base, and she'll look great displayed on your shelf by herself or alongside other DC ARTFX+ statues.

Mild-mannered scientist Dr. Bruce Banner was experimenting with highly volatile gamma radiation when an explosion bathed him with that green energy, transforming him into the enormous aggressive powerhouse known as the Hulk. IS THIS A ZOMBIE? SEASON TWO

From Funimation! Some guys have no luck... he's got no pulse! That's life for poor unfortunate, undead Ayumu. First, he was murdered by a serial killer. Total bummer. Then he was resurrected as a zombie by a cute little Necromancer. That seemed pretty cool, until she moved into his house, refused to speak, and forced his rotting carcass to do all the cooking. After that, a magical girl in a pretty pink dress used her matching chainsaw to chop his corpse in half. Luckily, the Necromancer's powers of resurrection trumped those of the chainsaw chick, so instead of dying (again), Ayumu became the world's first magical girl zombie. There's also a voluptuous vampire ninja who thinks zombie boy is a pervert, and a hideous crayfish demon who wants to devour him. Confused? All you gotta know is this: zombies, frilly dresses, demons, and more chainsaws. Pink. It's the new dead. Available in Limited Edition and Standard DVD versions. (STK613822) (C: 0-1-1)

From Sentai Filmworks! Yasuna Oribe isn't your typical Japanese high school girl. For one thing, she's a little slow on the uptake, and for another, her best friend, Sonya, is actually a highly trained foreign assassin who's in Yasuna's class as part of her assignment. Though perhaps Yasuna's definition of "best friend" is a bit strange, as Sonya has the habit of regularly attacking Yasuna, especially when startled. However, as noted, Yasuna isn't exactly the sharpest tool in the shed, and while Sonya knows precisely what to do with every one of those sharp objects, even she is hard pressed to deal with the day to day oddities that seem to fill their class schedule. Things like: escaped bears, voodoo curses, juggling and killer mosquitoes. And puppet shows. And just in case Yasuna's life wasn't weird or hazardous enough, there's her ninja classmate, Agiri, swarms of bees and assassins targeting just about everybody, a mysterious red haired girl with a personal vendetta and the perils of slipping in the public bath. They say a little education can be a dangerous thing, but with a school life like this, Yasuna will be lucky to keep breathing past third period in *Kill Me Baby*! (STK612673) (C: 0-1-1)
